

Stepping Out to Cure Scleroderma Walk June 2019 Overpeck Park, Ridgefield Park, NJ

June 2020 was to be the 19th year of our walk to raise awareness of scleroderma and funds for research. Due to COVID-19 the walk has transitioned into a virtual walk with an event date of October 10. Over these 19 years our volunteers, donors and sponsors have raised over \$500,000 for our mission of Support, Education & Research. We hope to be back stronger than ever in June 2021 with a live event.
